

科目ナンバリング		U-LAS03 10001 SB48									
授業科目名 <英訳>		外国文献研究（全・英）-E1：計量テキスト分析 Readings in Humanities and Social Sciences (All Faculties, English)-E1 :Text Analytics				担当者所属 職名・氏名		学術情報メディアセンター 教授 森 信介			
群	人文・社会科学科目群			分野(分類)		外国文献研究			使用言語		日本語
旧群	C群	単位数	2単位	週コマ数		1コマ	授業形態	演習（対面授業科目）			
開講年度・ 開講期	2024・前期		曜時限	木5			配当学年	2回生以上	対象学生	全学向	
[授業の概要・目的]											
Since the invention of computer, languages have also been its target. In this lecture we read a textbook on text analytics (and a research peper). In addition we try analytics of texts with using a web-based tool.											
[到達目標]											
Students will have some understanding of text analytics and its experience.											
[授業計画と内容]											
We read some parts of "Practical Text Analytics" and sometimes solve fill-in-the-blank questions for selections of articles, prepositions, etc. And we experience some analytics with using a web-based tool.											
[履修要件]											
o Interest in text analytics o Own device with zoom connection to share your homework and access to a web-based analytics tool o Hopefully elementary programming skill to convert your favorite texts into a certain format (you can do it manually but it is time consuming)											
[成績評価の方法・観点]											
If online { activity in class (40%) and reports (60%) } else { activity in class (20%), small tests (40%), and reports (40%) }											
[教科書]											
Some parts of "Practical Text Analytics" available from the PandA site											
[授業外学修（予習・復習）等]											
Read the next part (explained in the 1st lecture). Try some text analytics.											
[その他（オフィスアワー等）]
