Students must apply for the course before registration if they intend to register for experiment or exercise class of Natural Sciences Group. Please register for the class if you are permitted to participate.

- Application period:

Before the guidance of the first class

- Posted:

Details will be posted on “ Notification ” (Academic affairs information on liberal arts and sciences) in KULASIS in mid-September.

- Application method:

This will be explained in the “ Notification ” on KULASIS

- Selection method:

If the number of students who wish to take the class exceeds the course limit, a lottery will be held. The results will be announced after the guidance session.

- Notice: Unlike the other class designated courses, students can register the “ Fundamental Chemical Experiments ” course even if it is not the day/period of their class designated course. However, this shall not apply in the case when the class is oversubscribed.
