【授業の概要・目的】							
Contracts play a vital role in much of the everyday activities. In this context, a fundamental knowledge of contract law is useful in grasping the rights and obligations of the respective parties, either individually or in business settings. English law is listed among the most popular choices of law for cross-border legal relationships. Therefore a basic understanding about the main concepts and institutions of English contract law could be a very useful tool for students in case they want to pursue a career that involves international business transactions.							
【到達目標】							
Since businesses boost economic growth by selling goods and/or services, even a foundation level knowledge into the English contract law could be seen of having practical importance in many career paths.
