[Overview and purpose of the course]							
The main purpose of this course is to familiarize students with research literature on international migration. Through readings of recently published and representative work from a variety of sources, students will develop deeper understandings on the theme. Moreover, the course will prepare students to nurture their English communications skills (reading, writing, speaking, and listening).							
[Course objectives]							
Upon completion of the course, students are expected to develop the following skills: (1) Reading skills to enable access to published research articles on relevant topics, (2) Speaking and listening skills necessary for group work and discussion, (3) Report writing skills, and (4) Academic presentation skills.							
[Course schedule and contents)]							
The weekly schedule and topics are as follows: 1. Introduction to the course 2. Social research and international migration 3. & 4. Human migration as global trends: Historical views and current trends 5. & 6. Why do people migrate? Why migration continues? Theories on migration 7. & 8. How do people adapt? Theories on acculturation 9. & 10. How do people adapt? Lived experiences 11. & 12. How do people adapt? Measured experiences 13. & 14. How can we apply what we've learned to cases in Japan? (student presentations) 15. Wrap-up							
[Course requirements]							
None
