【授業の概要・目的】											
<p>The purpose is to provide the basics of organic chemistry for science students. Specifically, lectures and exercises are undertaken on the physical properties, synthetic methods, and basic reactivity of unsaturated compounds, and alkyl halides which are important organic compounds as basic raw materials for the chemical industry.</p> <p>All Department of Chemical Science and Technology students (groups T17-T22) who passed Basic Organic Chemistry I course can take this course (Thu 2), which covers the corresponding Japanese course (基礎有機化学II). If the time overlaps with the Physical Chemistry Class, consult the course instructors directly.</p> <p>This course gives the opportunity to learn English while studying chemistry, an important skill for chemists.</p>											
【到達目標】											
Students will acquire the basics of organic chemistry, which is essential for fully understanding more deeply organic chemistry and to prepare for the second year studies.											
【授業計画と内容】											
<p>Lectures will be given on the basics of organic compounds and reactions, and the naming of organic compounds in Chapter 3 and Chapters 7 to 9 of the textbook described below.</p> <p>The items and contents of the lectures are as follows.</p> <p>Chapter 3 Stereoisomerism and Chirality: 3 lectures</p> <p>Chapter 7 Alkynes: 3 lectures</p> <p>Chapter 8 Haloalkanes, Halogenation, and Radical Reactions: 3 Lectures</p> <p>Chapter 9 Nucleophilic Substitution Reaction and - Elimination Reaction: 3 lectures</p> <p>Organic Compound Nomenclature: 2 lectures</p> <p>Feedback: 1 lecture</p>											
【履修要件】											
This course is suitable for Department of Chemical Science and Technology students from groups T17-T22 who passed Basic Organic Chemistry I course.											
【成績評価の方法・観点】											
Exercises during the lecture and report submissions will be set as normal points (maximum 10 points) and added to the results of the regular examination (maximum 90 points). A total of maximum 100 points will be given, and 60 points or more will result passed grade.
