[授業の概要・目的]										
Students will be tutored in how to improve their English reading skills, using a variety of texts and exercises. Passages or terms identified as difficult will be analyzed and explained in simpler language, and possible alternatives presented. The structure and content of scientific reports will be examined. Short texts on a range of scientific topics followed by multiple-choice questions will be used to build confidence and understanding. The overall aim is to foster students' abilities to extract the most important content from scientific texts, find specific information, and draw appropriate conclusions.
