【参考書等】

(参考書)

Mark F. Bear, Barry W. Connors, Michael A. Paradiso 『Neuroscience: Exploring the Brain』 (Jones & Bartlett Learning, April 8, 2020) ISBN:9781284211283 (Enhanced 4th Edition (English Edition))

【授業外学修 (予習・復習) 等】

To make the most of each seminar, it's important to be prepared. This involves reviewing the previous session, working through any questions, and doing some independent study on the upcoming subject. Expect to spend around 60-90 minutes getting ready.

【その他 (オフィスアワー等) 】

For a deeper understanding of neuroscience, it's advised to attend the "Physiological Neuroscience" seminar. This will provide additional insights into the basic principles of our nervous system.
