Academic writing & listening											
[授業の概要・目的]											
For the development of students' skills in English for General Academic Purposes (EGAP), English Writing- Listening A (EWLA) consists of three components: writing, listening, and vocabulary.											
For practice with writing, students identify, recognize, or understand basic elements of academic writing and, then, recall and apply this knowledge in the process of organizing and revising a short academic essay of at least 300 words. Under the guidance of the instructor they learn necessary foundational academic writing skills as stated in the Course Goal section below. For practice with listening, students take the online course known as GORILLA (Global Online Resources for International Language Learning Assistance) outside class. They are assessed on their listening proficiency through weekly online assignments, as well as the four tests that the instructor administers in class.											
For vocabulary learning, students use the standard reference book titled "Kyoto University Vocabulary Database 1110." Like the listening component, students independently study words from the general academic list that the instructor assigns (usually 50 words a week) and are tested on a number of these words weekly.

[その他(オフィスアワー等)]

Students are advised to save the textbook PDF file in their digital devices.

If they want a printed version, they can print the file on a printer at home or a nearby shop, purchase a bookbinder (less than 200 yen) at the Univ. Co-op shop in the Yoshida-minami Campus or the Clock-tower, and use a binding-machine there for no extra charge.

Students may benefit from accessing the website offered by the Division of English Language Education (DELE), i-ARRC, Kyoto University. The website provides useful information to support students in learning and using English autonomously.
