[授業の概要・目的]

How do we live? What guiding principles do we use to organize ourselves in our societies? Anthropology is the comparative study of culture and human societies. This course offers an introduction to the discipline of anthropology and its practical relevance in our lives. It introduces the different ways we can examine human societies and understand our place with them. Each week will consist of a brief lecture of 30~40 minutes based on class notes and readings, followed by a class discussion and group exercises.

[到達目標]

Anthropology is the comparative study of culture and human societies and examines the general principles of social and cultural life. This course offers an introduction to the discipline of anthropology and its practical relevance to understanding societies. It presents students with different ways to examine human societies and understand exchange processes; Relatedness and family; marriage; the nature-culture dichotomy; gender; nation building; and religion and ritual. Each week will consist of a brief lecture of 30~40 minutes based on class notes and readings, followed by a class discussion and group exercises.
