[授業の概要・目的]

This course aims to give you the skills to understand and respond to academic texts with confidence, while also introducing you to perspectives and contemporary research in the field of higher education studies. Each week, you will be introduced to important ideas in a variety of formats, including academic journal articles, academic presentations, podcasts, online videos, and popular media. You will also be taught a variety of academic skills that will help you to understand these texts more easily, and respond in detail.

At the end of this course, you will have a foundational understanding of higher education, and the necessary academic skills to support your own exploration of the humanities and social sciences in the future, and have the skills to engage with these ideas with confidence.

[到達目標]

You will develop your ability to...
- Understand major perspectives and contemporary research in the field of education.
- Understand and evaluate key historical and modern texts and scholars in this field.
- Understand academic texts, audio, and videos in English.
- Respond to such texts in a variety of formats, including presentations and reports.
- Evaluate and respond to academic texts in real-time.
- Participate in and lead discussions on academic topics.
